### BUYS 5,000 KRAG-JORGENSENS

El Paso, Jan. 22.—United States secret service officials began investigation today of a report that 5,000 Krag-Jorgensen rifles, the discarded army rifle, has been purchased by foreign agents and shipped eastward with 1,000,000 cartridges. Secret agents of the Carranza government declared the rifles and ammunition were purchased by a Cuban, whose name was Ponce, and who carried papers crediting him with being a British agent.

## MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers—Meat forms uric acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

## CURSING THE GRINGOS, THEY DIE BRAVELY

### SLAYERS OF AMERICANS FACE FIRING SQUAD; ONE PLEADS FOR BROTHER

El Paso, Texas, Jan. 21.—Bernardo and Federico Duran the Mexican cattle thieves, condemned to die by the Carranza authorities for killing Bert Akers at San Lorenzo, a few miles below the international boundary Friday, were executed at daylight Sunday in the cemetery at Juarez.

The Duran brothers died cursing Americans. Bernardo appealed for mercy on behalf of his brother, Federico.

"It is unjust to kill two of us for one American," he said. "It is giving two eyes for one tooth. I am willing to die, because I killed the gringo, but my brother ought to be allowed to live."

The bullets of the firing squad killed Federico, but Bernardo was still conscious after he fell and the officer commanding the firing squad gave him the "mercy shot" through the head.

### Slayer Fully Identified.

The bodies of both Mexicans were buried immediately but that of Bernardo, who confessed to having fired the shots that killed Akers, was exhumed to satisfy a doubt concerning the identity of the slayer.

Douglas Downs an American who was with Akers, seeking stolen cows, and who escaped the bullets of Mexicans, declared Saturday night after Bernardo Duran was executed that the prisoner was not the man. Downs was at the Juarez cemetery when the face of the executed man was exposed late Sunday, and admitted that he had been mistaken.

American officials were with Downs and their certification that the slayer had been duly executed served Sunday night to calm a feeling at Yaleta, Texas, where Akers and Downs lived, which authorities believed might result in trouble.

Three Mexicans previously arrested in connection with cattle stealing at Yaleta, were last night removed to the jail at El Paso for protection. The execution was attended by fifty Americans, of whom a number were women.

Bugles were sounding reveille and dawn was just breaking when the prisoners, bound and ready, appeared to take their place before the adobe wall where hundreds have fallen since civil war began in Mexico, nearly six years ago.

### Would Have Taken Others Along.

As the prisoners faced the rifles of the firing squad, with eyes unbound, Bernardo shouted: "Watch and see how Mexicans die. If I had a rifle," he added, "some of you would go with us."

There were no Mexicans present except the soldiers and officers in charge.

Bernardo was 24 years old and Federico 23. The latter gave a flimsy picture of himself to a soldier to be sent to his parents at Santa Rita, N. M. Bernardo gave his hat as a present to a policeman who embraced both prisoners as they left for the execution ground.

Just inside the cemetery gate the party halted for a last word with the bandits.

"We want to hurry and have it over," said Bernardo in a growl, answering the question of an American. "There is nothing to say except that I killed the American and am willing to die. We thought the Americans

were trying to rob us and that they were armed. The peace officer with them had no warrant to search our place. But hurry up and have it over."

### Both Refuse to Cover Eyes.

Capt. Alfredo Ortiz, commanding the firing squad, offered Bernardo a bandage for his eyes. He refused.

"I want to see," he said.

"I want to die as my brother dies," said Federico, who braced himself against his brother and said: "We are bad men, we kill the Americans; we should die."

Captain Ortiz shook hands with the prisoners and embraced them. Then he stepped back and gave the order to aim and fire.

The captain stepped to the bodies and fired one shot through Bernardo's head. A shot also was fired into the head of Federico and the American spectators hurried back to this side of the border.

### WASHINGTON'S CAPITAL GETS NEEDED OUTLET

Union Pacific System Builds to Olympia and Starts Freight and Passenger Service.

Olympia, the capital of the state of Washington, has now, for the first time in its history, adequate railroad connection with the rest of the state, with other Pacific coast states and the East.

This has been effected through a branch which now connects Olympia with the main line of the Union Pacific system from Portland to Seattle. Train schedules on the new line provide connection with several of the through trains, both north-bound and south-bound, including the famous Shasta Limited.

A fine station has been provided in Olympia, conveniently located near the center of the business district and thoroughly up-to-date in equipment. Olympia will now have a better opportunity to develop as a city—not merely as a capital.

The new train service has been in effect since January 1.

## LORTON PUTS SINCLAIR IN RACE AGAIN

are said to have cooked up another game for their principal to play for them, since the Kansan declined to seek the committee job. Many local republicans, who said they would like to see Sinclair a member of the committee, from Kansas—talked so loud Sinclair muffed a federal grouch or two and put his ear to the ground. He knew he couldn't represent Kansas on the national committee and that money might not grease the way from Oklahoma, after all. He is said to have checked the matter up to Robertson.

So the word has gone out here now that Sinclair will be a candidate for congress against Davenport.

## OKLAHOMA HAS FEWER HORSES

Oklahoma City, Jan. 21.—The number of horses in Oklahoma has grown steadily less in the last five years, according to a government estimate. Just made, the stock and feeding cattle and swine are fewer while the mules, milk cows and sheep have increased.

The number of horses in the United States has increased almost 1,000,000 to 21,200,000 in the last five years. Breeding and feeding cattle have decreased in number slightly and sheep have fallen off, but other classes of livestock have gained.

### LEADER WANTS BRING RESULTS

## TWO STATES IN TILT OVER BATTLE FLAG

New Orleans, La., Jan. 24.—The states of Louisiana and Mississippi soon will engage in a word war over the battle flag recently returned by Illinois to New Orleans.

The legislature of Illinois decided that the flag which was captured at the battle of Big Black Ridge on May 17, 1864, was the ensign of Gen. Andrew Jackson and returned to it to New Orleans but the state of Mississippi, through its principal papers, claims that the Illinois legislature and the New Orleans and Louisiana historians were wrong and that the flag originally belonged to the state of Mississippi.

## CENTPEDE IN COFFEE POT MAKES MANY SICK

Shamrock, Jan. 21.—A 6-inch long centipede, boiled until it was white in an oil field boarding house coffee pot, was the cause of making fifteen oil field workers critically ill, according to Charles Heavener, cement contractor here. Heavener happened in to the oil field camp while the men were sick and the general opinion was that ptomaine poisoning had made them so. After Dr. Bland was called and emetics and stomach pumps had relieved all the workmen, he began a search of the boarding house tent to ascertain the cause of their sickness. The search failed to reveal anything until he examined the coffee pot and its contents. These he emptied and the boiled centipede came to light. Evidently the centipede had crawled into the pot during the night and the men had drunk coffee for breakfast that contained this poison. It was a close call for all the men.

### COLD WEATHER ACHES & PAINS

Many aches and pains, sore muscles, stiff joints and much rheumatism attributed to cold weather have their first cause in failure of the kidneys to properly eliminate waste matter from the system. Foley's Kidney Pills tone up weak and diseased kidneys, giving prompt relief from aches and pains.

### HORSE, AGED 27, STOLEN 12 YEARS AGO, RECOVERED.

Carthage, Mo., Jan. 21.—A legal battle over a horse, 27 years old, which it is asserted, was stolen more than twelve years ago, was brought to a conclusion today, when it was decided that the animal belongs to its present owner, G. W. Turner, J. W. Brooks, plaintiff, held that since the animal was stolen from him it should revert to him but the court held that under the statute of limitation the old horse could not be taken from Turner. During the 12 years between the alleged theft and the trial the animal changed hands twelve times. It is said.

## SAW 8 AMERICANS HANGING DEAD ON ONE TREE

### MINING MAN ARRIVING IN ARIZONA FROM INTERIOR TELLS GRUESOME STORY

Douglas, Ariz., Jan. 21.—The state of Oaxaca, Mexico, is overrun with bandits who have been killing Americans while carrying on a campaign of murder and plunder despite every effort of the Carranza authorities to preserve order, according to an affidavit made by Andrew J. Trumbo of Los Angeles, a mining man who arrived here early today from Oaxaca, the capital of that state.

At El Paso yesterday Trumbo related an account of the blowing up recently of a passenger train near Tepic with a loss of twenty-three lives.

"Twenty miles southwest of Ejutla I saw the bodies of six men hanging to trees and I was told by Mexicans that they were Americans."

Trumbo stated in his affidavit: "No one knew their names."

"About a quarter of a mile further on, I saw two more badly decomposed bodies hanging to a tree. I was told they also were Americans and I could not find out their names. The bodies were all too badly decomposed to attempt to identify any of them or to obtain even a general description."

"Conditions became so unbearable that he could not remain in the Mexican state with his family. Trumbo declared in his statement, in explaining his departure from Mexico. He and his wife were mistreated and insulted, he said.

The affidavit of Trumbo to which was appended the passports letters and receipts to show that he had been in localities mentioned in the statement says:

"My name is A. J. Trumbo and for eleven months I have been employed by the Indiana-Oaxaca Mining Company with headquarters at Mina El Carmine. While the government of that state gives all possible protection to foreigners the country is overrun by bandits and dominated on the north by General Aguilar, a former federal commander who exacts ransom from every foreigner at Tepic."

"He is fortified there by 300 ex-federal soldiers armed with cannon and machine guns. Their position is such that they entirely dominate that section of the country and they can easily stand off an army of 20,000 Carranza soldiers."

"Zapata bandits are everywhere within a half mile of the railroad. They frequently dynamite trains and are robbing or killing foreigners at will."

"On one train dynamited just outside of Tepic twenty-three or twenty-four passengers were killed."

### Bad Habits.

Those who breakfast at eight o'clock or later, lunch at twelve and have dinner at six are almost certain to be troubled with indigestion. They do not allow time for one meal to digest before taking another. Not less than five hours should elapse between meals. If you are troubled with indigestion correct your habits and take Chamberlain's Tablets, and you may reasonably hope for a quick recovery. These tablets strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere.

## BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and itching falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Yuth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.
